WHAT IS CYBER-SENIORS

Founded in 2015 by the creators of the award-winning documentary film CYBER-SENIORS, this non-profit organization provides senior citizens with tech-training using an intergenerational, volunteer model. Young people are provided with lessons and learning activities to train them to act as digital mentors and senior citizens gain access to effective technology training and intergenerational communities that keep them socially connected and engaged.

PROGRAMS FOR SENIOR ORGANIZATIONS

Cyber-Seniors supports community organizations to deliver both in-person and virtual Cyber-Seniors programs. Whether you are considering starting a new Cyber-Seniors program or wishing to enhance your current program, we offer a rich and wide array of resources and services to help you meet your organizational goals.

URI Engaging Generations Program: Cyber-Seniors

What is Engaging Generations: Cyber-Seniors Program?

• Members who would like computer instruction will be able to meet with a URI student or High School mentor for a FREE 45-minute learning session.

 • There will be certain topics each week, and sessions can be tailored to your individual interests, skill level, and computing device preference. What are the Benefits?

• This unique program is designed to benefit all who participate! Members benefit by increasing computer skills and comfort with technology, while student mentors benefit by gaining valuable skills in teaching and learning, as well as community service hours. How are Sessions Scheduled?

• Sessions are held at participating Senior Centers, and times are scheduled based upon the availability of student mentors.
