

APPS THAT CAPTION YOUR TELEPHONE CONVERSATION

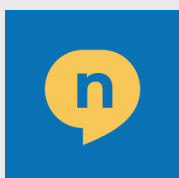

CaptionCall

InnoCaption

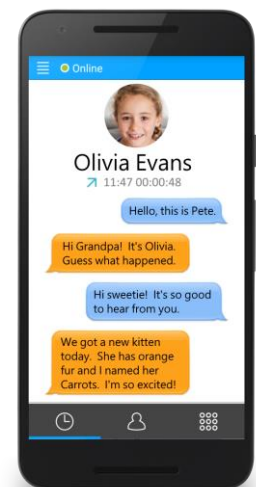

CaptionMate

Nagish

If your hearing loss makes it difficult to understand your smartphone conversations, these apps could be the solution for you.

Here are some of the apps that provide real-time captions of phone conversations at no cost to users as it is funded by the FCC's Telecommunications Relay Services Fund.

For more information on resources for the Deaf and Hard of Hearing, please contact the ATEL Program at (401) 486-3325.
