

HARD-OF-HEARING PEER SUPPORT GROUP

PEER ROUNDTABLE:

Connection & Conversation

Hosted by the ATEL Program

Join other HOH individuals in a supportive space! This group is designed to encourage connection, shared learning, and mutual support among individuals who are hard of hearing. Rather than a traditional presentation, we will use a guided roundtable format. A facilitator will pose thoughtful questions, and participants can share their experiences, insights, and strategies — only if they feel comfortable doing so.

The goal is to create a space that feels more like a conference panel discussion — but instead of experts speaking to an audience, everyone in the room contributes and learns from one another.

Light refreshments will be served.

There is no pressure to speak — listening and learning are equally valued.
